

EXPERIENCE FALCONRY AT ITS BEST

SUNSET FALCONRY DISPLAY

Enjoy the breathtaking Arabian sunset among the dunes while being treated to an entertaining and informative 40-minute falconry display. We provide an experienced falconer and a well-trained falcon. The history and significance of Arabian falconry is explained, whereafter the falcon is introduced. After a detailed description of the bird and its equipment, guests can marvel at the speed and agility of nature's fastest hunter as the falconer demonstrates how these magnificent birds are trained and exercised by flying it free to a "tilwah" (artificial lure).

HAWK WALK

This is a fully interactive experience and limited to groups of 10 guests. Guests join the falconer on a short enjoyable walk while being followed by a trained Hawk. The guests are given the opportunity to call the bird to their gloved fist for a reward. The Hawk Walk has proven hugely popular with small family groups and provide ample opportunity for great action photos.
